Parliament House Canberra November 21. Folks - it is time to tell Malcolm Turnbull and his government the truth about how crooked bankers are destroying families, farmers, businesses and our country.

We just can't let this go on. We will become serfs in our own country. Most of our kids will never own a home. If they try they will be debt slaves for most of their lives .... or depending on their parents for help. Predatory and criminal banking leads to more of our wealth being taken from our people. The banking and finance sector is getting far too much of the economic pie. Families and business are being squeezed to breaking point. Another GFC is just around the corner.

COME TO CANBERRA Monday November 21st - Noon to 2pm. Join with BRN at the #TTTRally - and show the bankers and pollies you're not copping it anymore.

We are are happy to work with any politicians that want a fair dinkum Royal Commission. We're not copping whitewash inquires and committees. A rally like this has never been held in Australia before. Mr Turnbull will see the truth about the heartache being caused to so many people. If you haven't lost your home or business to treacherous banking you are probably struggling with excess debt. If you're not struggling your taxes will rise to pay interest on higher government debt. If you're in trouble and relying on government benefits you will be facing austerity cutbacks. Life will become harder for more of us.

It really is time to sort it out. A crisis is brewing guys we must take action. Tell your friends. Write to your local paper. Make your voice heard now and help stop more and more victims of bank rip offs being harmed.
