Banks Feel People Power When They Face Tough Questions At AGMs

Summary:
How do you reform the banks? You go behind enemy lines and attack head on with our most powerful weapon .... THE TRUTH..!! You present evidence, logic and facts. By working hard and smart you might just become unbeatable. The truth always wins in the end .... unfortunately for too many people it has taken way too long. The bank warrior AGM campaign is growing stronger and continues this year. Here is the 2019 schedule. After the events we will also add links to Video Highlights. Check the People Power - Bank AGMs - Round 1 link to see what was achieved last year.

AGM Campaign Takes The Reform Push To The Top

Bank Warrior and BRN Advisory Panel member Craig Caulfield wants the troops to gather again this year. Attending bank AGMs is a very powerful element of the campaign for reform and justice. Clearly you can attend your own bank's event but you can support the whole movement by getting to other banks' AGMs too.

© Bank Reform Now™ - Australian Non Profit Organsiation - campaigning to put a stop to predatory, unconscionable banking practices.

It’s the only day of the year you have a a very good opportunity to meet the Chairman and Directors. Last year several meetings with high level executives and CEOs were arranged after a productive initial meeting at an AGM.

The banks know we are an effective force by the quality of our interactions. Craig's questions and warrior follow up last year have already led to reforms and compensation payments from several banks.

Some bankers thought once the Royal Commission was finished it would be back to business as usual.

Dead wrong..!! They thought the usual delay, deny, deceive routine would still cut it. Wrong again. Some even thought the skeletons in their closets would never be revealed. Big mistake..!! **It's a new ballgame now. Directors and CEOs will be held accountable .... as will politicians that blindly support bankers engaged in criminal activity.**

2019 AGM Calendar

https://youtu.be/4oF_vEHfp6E

NOTES:

BRN will update this list regularly with more details and Video Highlights. All key videos will also be listed on YouTube Channel >> carcrashcritic

Annual reports are available online at each bank's website.

Most meetings of public companies are available for the public to attend without being shareholders.

Questions to the Chairman and voting is only available to prior registered shareholders.

It is worth attending to support your Bank Warrior and BRN friends & colleagues even if you don't have, or can't buy shares. Check your super fund if you hold bank shares. Craig has found CommSec to be the cheapest online broker to buy or sell shares. From $10 per trade. Minimum share purchase is $500

You may be able to get a proxy to speak if you can't buy shares

You can email Craig to get more information / help with accommodation at some events / tips & strategies. Craig Caulfield >> landofgold@yahoo.com.au

All questions and interactions with the Chairman and Directors or Executives is conducted with courtesy and respect by Bank Warriors

We now have eight past AGM webcasts to see how the warriors put their questions.

It's always been a numbers game. BRN is aiming to have more members than all political parties combined. If you want an honest finance system and a representative democracy with pollies accountable to you .... it's time to join in, become a warrior and get active.

It is worth noting that all the banks now have Model Litigant guidelines. This was an activist driven win. See Craig's third question in the video below as well as the BRN recommended Model Litigant principles.

See links below for the 2018 excitement at the CBA and NAB AGMs - video and transcripts.
