FOR IMMEDIATE RELEASE

Santa Ana, California. Billie Rene' Frances Lillian Powers' Legal Team presents the the case of Civil Joinder of Criminal Actions to INDICT THE BANKS: Judge "Sledgehammer" Carter, Courtroom 9D/8:30 am on July 30, 2018. Powers v The Bank Of New York Mellon et al Case No. 8:17-cv-01386-DOC-KES

manner that is the first of its kind in all of the history of our nation. The team is lead by Attorney Angela Swan and is brought under Congressional Intent through Congressional Regulations. Judge "Sledgehammer" Carter (self named), has promised indictments to the U.S. Attorney's office as Billie demonstrates the fraud. When the hearing opens it will be evident Billie has gone from what she calls, "A monkey with a loaded gun in the courtroom proper", to a case with experienced criminal counsel. Billie's team brings the case for all of America and the world as the banks are held accountable to the massive crimes against humanity. The banks have no templates for answering this anomaly, therefore they appear to answer as inexperienced pro se litigants not as professionals.

This precedence setting case demonstrates that the people are the bank, there are no loans, all debts are prepaid and that there is no cash so, "where is the required collateral deposit demanded for lending of credit?" It also demonstrates that the banks as foreign organizations cannot lend credit to the people or public at large and they created lending transactions out of thin air, no funding of money. The Jig is up folks! The courtroom will be packed with interested parties, parties as victims of these crimes who have sent interested party forms in, and even if rejected they are being stamped received, and Judge Carter is reviewing each one.
